RE: TNRCC Water Discharge Permit No. WQ000639

Attention: Representative

Please be informed that recent water discharges from the Lubrizol Corporation- Deer Park Plant exceeded the limits of the above-referenced permit as follows:

DATE	OUTFALL	PARAMETER	RESULT	LIMIT
3/98	001	Flow, Daily Avg.	1.1 Million Gal/day	1.0 Million Gal/day
3/98	001	BOD ₅ , Daily Avg.	116 Lbs/Day	104 Lbs/Day

Due to increased loading to the treatment plant, Lubrizol experienced a BOD₅ exceedence as above. Lubrizol will address this issue in the current permit renewal. Average flow was exceeded due to rain earlier in the month.

Lubrizol regrets any inconvenience these permit exceedences may have caused and the company remains committed to making every reasonable effort to assure compliance with the TNRCC water discharge permit requirements. Should you have any further questions, please contact me at (281) 479-2851.

Sincerely,
THE LUBRIZOL CORPORATION

John H. Garrett
